One more

Ah...

L-Long time no see...
I-It's been... a while
Isn't that great?
Sounds like fun.
Ah, I see.
Students are on summer break.
Not really.
I have entrance exams this year, so I'll be going to school for supplementary courses today.
Yes...
I don't feel like finding a job yet, and I like literature, so...
I see.
You've decided to go to college...
B-By the way, how are you, Producer?
I heard you are doing quite well...
Eh? Me?

did I get her name right ..?
Miura Azusa-san ..
B-But...
I'm seen as a rookie wherever I go.
That's not true at all.
はは、
I've been seeing her on TV and the radio a lot lately
She's beautiful and very good at singing
She s amazing
I-I'm sure ..
Because Producer is with her .
I don't think Miura-san is thinking that
D-Don't say that!!
I'm just tagging along.
Haha... she's great, right?

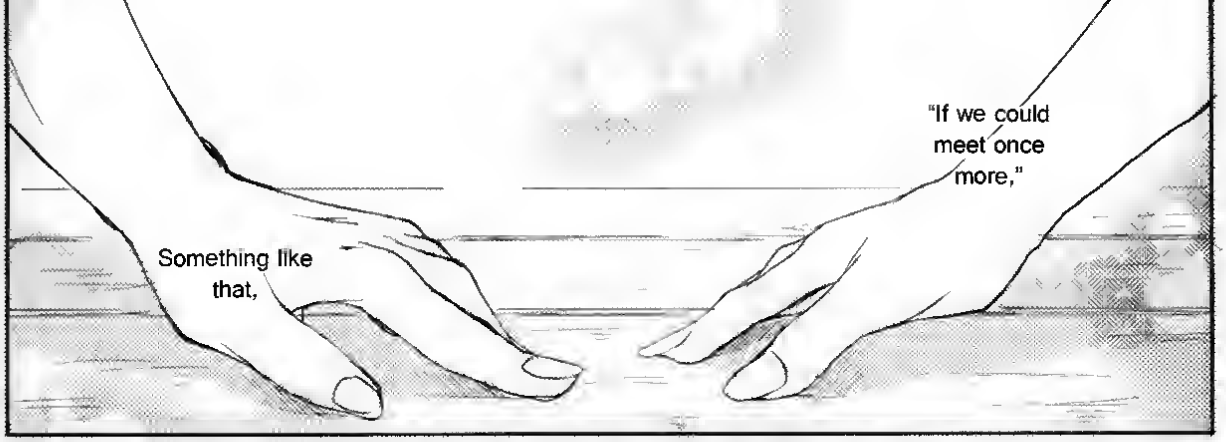
N-No..
that kind of thing..
Ah..
I'm glad you say it that way.
seems like it won't stop for a while
.....
The rain
Ah...
You're right
Yes
.....

Haha,
if I think about it...
something like this happened back then too, right?
Yes..
at that time, the rain showed no signs of stopping.
I forgot my umbrella and..
...Why is it?

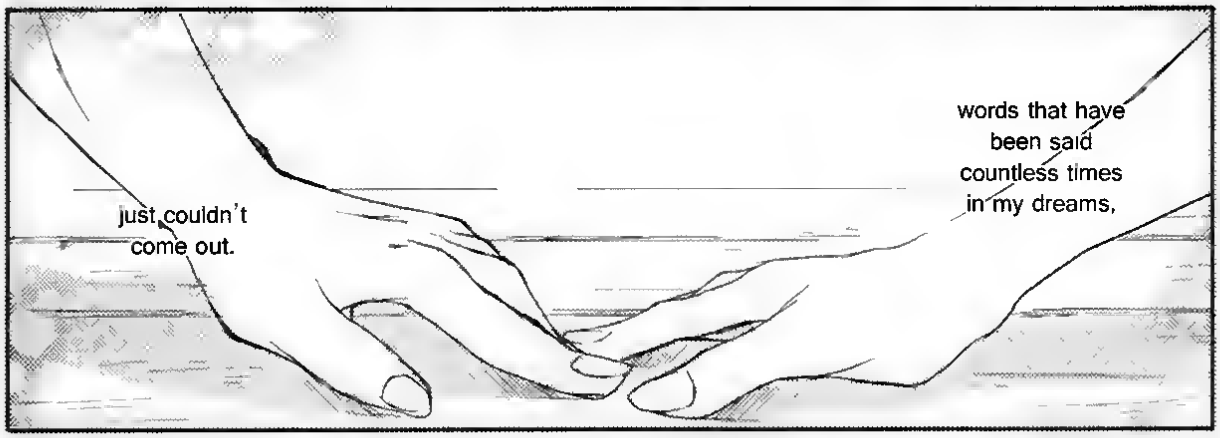
Even though there are many things to be said, many things to be conveyed, a lot of things...

What's coming out of my mouth are just trivial things.

...What if



"If we could meet once more,"
Something like that,



words that have been said countless times in my dreams,
just couldn't come out.

!
Ah...
N-No, it's fine.
Sorry...
...Ah

"I..."
"I..."
"about Chihaya..."
"about Producer..."
